STUDIO

Spaces with a point of view.

Workplace design. Interior concepts.
Spatial planning.

COMPANY PROFILE / ORIGINAL CONCEPT

Start with people. Make room for possibility.

01 / Understand

How will the space be used?
Start with the people, the work
and the everyday routines.

02 / Explore

Consider light, movement
and material. Test the ideas
against a clear brief.

03 / Refine

Bring the details together.
A coherent direction makes
the next decisions easier.

From first idea to final detail.

A practical plan.
A consistent identity.
A more useful space.

01 Workplace design

Workspace brief / Layout concepts /
Furniture direction

02 Interior concepts

Mood boards / Material palette / Lighting
concepts

03 Spatial planning

Space analysis / Layout options / Design
priorities

A workspace, imagined.

Daylight, shared space and a confident centrepiece.

CONCEPT STUDY
NOT A BUILT PROJECT

A clear route through the project.

A shared brief keeps the
important decisions visible.

01

Listen

Define the purpose, priorities and constraints.

02

Explore

Develop a direction and compare options.

03

Resolve

Refine the layout, materials and details.

04

Prepare

Document the agreed concept and next steps.

Room for what comes next.
